New government regulations

Due to recent changes in government regulations we have had to change our rate structure and now only offer prices in Tanzanian shillings (TZS). As mandated, all businesses, including those in the tourism sector, must charge in TZS, with foreign currencies no longer permitted. Below you can find the updates rates for stays, activities and transportation.

Art

You can now order a selection of unique and beautiful carvings online! They are all handmade with minimal tools by our local artist Issack. By purchasing them, you support him in his art and help our foundation MamboSteunPunt to finance other community projects. Each sculpture is unique and one-of-a-kind. Please click below to see the items that are currently available.

Bridge the Gap

Building on the success of the Bridge the Gap project from previous years, we aim to support at least **100 students in 2025**. But we need your help!

The project was launched in 2024 with the goal of addressing the challenges children face when moving from primary school to higher education. For example, primary school is taught in Swahili, while secondary school is entirely in English. Besides language, students are also trained in computer literacy and science.
