MamboViewPoint

Newsletter September 2026

MamboViewPoint is welcoming groups!

It's high season at MamboViewPoint. We are currently hosting a student group from the United States and their teachers. Mambo offers opportunities to learn about local history, Swahili, culture and biology, and we are supporting the group throughout their stay.

We have also welcomed motorcycle, cycling and other tour groups who enjoy the area. We hope to offer Swahili classes for international visitors in the near future. Groups are welcome, with dedicated facilities and group rates.

Bridge the Gap

Sixty students making the transition from primary to secondary school have been selected for a three month English course during their holidays. Two Finnish education specialists are working alongside Tanzanian teachers, supporting the students while sharing teaching methods and skills.

Scholarships

This year, 15 students receiving scholarships through MsP successfully completed their academic year or their full course. Education strongly drives a better quality of life by increasing individual earnings, improving health outcomes, and lowering poverty rates.

We are looking for new sponsors to help more students continue their studies. You can help by clicking the button below and donating.
